Newark's new city council held its first meeting Tuesday night in the council chamber. When seven new councilmen, besides the president, Harry Rosse, were sworn and took their seats. Owing to the fact that the first meeting was the time to make the elections and appointments as required by law, little other business was considered. Ex-Mayor Ankele's report for the month of December was the only measure acted upon besides the elections.

In the elections, Councilman Frank Muenz of the Fourth ward was successful in his campaign for the honorary position of president pro tem, while Harold Franklin, son of Edward S. Franklin of North Fourth street was selected as clerk. Frederick Rannenberg was re-elected sergeant-at-arms of the body.

When the nine councilmen took their seats, there were not desks enough for all and temporary arrangements had to be made until more desks could be put in.

When the meeting was called to order, President Rosse directed the councilmen to present to the clerk their certificates of election. All had been sworn by City Solicitor Roderic Jones.

The council then proceeded with the elections and appointments. Councilman Prior nominated Councilman Muenz for the position of president pro tem. Mr. Muenz was elected unanimously, though he modestly refrained from voting for himself.

Councilman Muenz presented the name of Harold Franklin as clerk of council. His election also being unanimous.

Frederick Rannenberg's election as sergeant-at-arms was also elected by the entire vote of the members.

President Rosse then named the standing committees for the next two years. These committees are given at the head of this article.

The last report of the retiring mayor, John M. Ankele, was read, showing that in December the Mayor collected \$5 for licenses; in city cases, fines collected, \$52; other collections, \$26; mayor's fees, \$4; officers' fees \$2. In state cases, fines, \$90 mayor's fees, \$52; officers' fees, \$26. The report was received and filed.

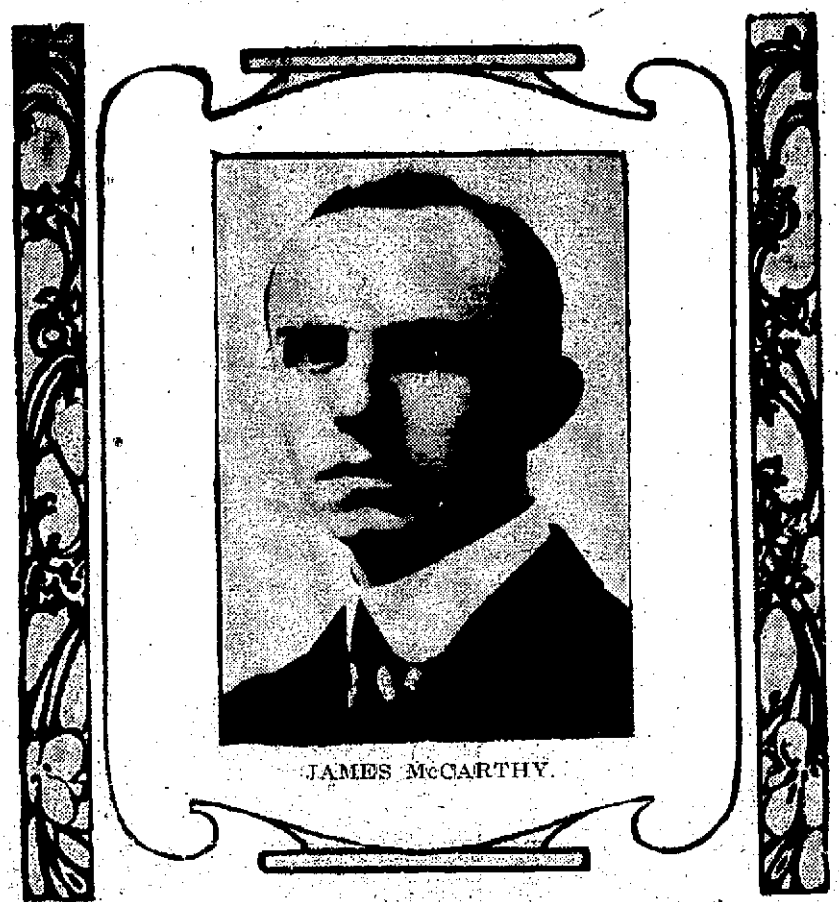

When Mayor Ankele signed the report and was sworn by Roderic Jones as notary public, he performed his last official act for the city of Newark.

Councilman Frank Muenz asked President Rosse to appoint a committee to make a complete investigation of the conditions at the water works pumping station, particularly into the accident which resulted in the shutting off of the water supply for 18 hours.

This is the action which was urged by the Advocate in Tuesday's issue of the paper following the revelation of the fact that Newark's water supply depended entirely upon the faithfulness of a single section of pipe 165 feet in length.

Mr. Rosse appointed Messrs Muenz,

NEW DIRECTOR OF SERVICE

JAMES MCCARTHY.

James McCarthy will become Director of Public Service in Newark on January 8, having been appointed by Mayor F. M. Swartz. Mr. McCarthy has been clerk of the city council and has just surrendered that position to his successor, Harold Franklin.

Dayton and Prior to make this investigation and report back to the council.

President Rosse called upon several of the new officials for remarks. Roderic Jones, city solicitor-elect, in addressing the members urged them to feel free at all time to consult him on any legal questions that might arise in their work.

He called attention to the law which provides that all claims against the city for damages must be presented to the council before suit is brought in court. He said that it was his intention to give personal attention to these matters. He urged the appointment of a Claims Commission which should act in conjunction with the solicitor in the consideration of these claims.

He stated that it was the intention of the new service and safety directors to work with him in an effort to systematize the work between these departments and the city's law department, that they might all work in harmony, and that as far as possible the danger and liability of accidents be reduced.

In speaking of the finance ordinance, Mr. Jones said:

"This ordinance will come before council at the next meeting. I wish to ask the finance committee to be as generous as possible in its appropriation of money for the city solicitor's department. It is my intention to prosecute with all vigor the pending litigation between the city and the gas company.

This department must have liberal appropriation. The gas company will not hesitate to spend \$25,000 to \$50,000 in fighting this case and they already have attorneys working on the evidence.

"It is important that the city employ an expert accountant to go over the books of the Logan Natural Gas company and the Union Natural Gas company to furnish the city with the information required to fight the case.

"It is foolish for the city to expect one attorney to look after its interests in this case and it will be necessary to secure the assistance of an able attorney to join me in the fight against the gas company. This work of auditing books and placing a physical valuation on the company's property in the city must be done at once.

The advance in the rates for gas means a difference to the people of the city of \$50,000 per year, and I consider it the duty of the city officials to protect the citizens from this extortion.

"I expect to look after all other litigation myself and will not need to employ outside help. This in itself will mean a saving to the city of a considerable sum. I will appoint my partner, J. Howard Jones as assistant city solicitor without pay, and he will act whenever I am out of the city or unavailing to be present at the council meetings."

Mayor Swartz, Safety Director Collier, Service Director McCarthy, and the new council clerk, Harold Franklin, all made short talks when called upon by President Rosse.

Councilman Muenz, just before adjournment, asked that the finance committee hold a meeting immediately after the adjournment and invited other members of the council to meet with them.

CUTS EXPENSE IN COLUMBUS

Columbus, Jan. 3.—Rigid retrenchment was instituted yesterday by Mayor George T. Karl who was inducted into office Monday, in all departments of the city government as a result of the limitation placed on revenues by the operation of the Smith one per cent tax law. By calculation of the new directors of safety and service it developed that the city will greatly exceed the estimated revenues.

A CONCISE STATEMENT BY FRIENDS OF HARMON

Columbus, Jan. 3.—Following a conference today between Gov. Judson Harmon, Secretary George D. Long and Secretary A. P. Sandles of the state agricultural board and others in the executive offices here Secretary Sandles issued a statement on the meeting of the Ohio Democrats held here yesterday. It said in part:

"No state in the union has ever enacted so much progressive legislation in so short a time as did Ohio under the second administration of Governor Harmon.

His administration throughout has been marked by honest and efficient services in all departments.

His popularity with Ohio voters gave both branches of the legislature to the Democrats.

His popularity carried the entire state ticket to victory, every man of which is making good.

His leadership gave to the United States Senate a Democratic progressive member from Ohio.

His leadership more than doubled the number of Ohio Democratic Congressmen."

SWIFT PLANT SUFFERS LOSS OF \$500,000

Chicago, July 3.—Fire which broke out at 10 o'clock last night, destroyed Swift & Company's smoke house, a five story building, one block long and was still burning early today. The damage wrought is placed at \$500,000. Three firemen were injured.

LA FOLLETTE ATTACKS THE RAILROADS

Kalamazoo, Mich., Jan. 3.—Michigan railroads in general were most scathingly attacked by Senator Robert M. La Follette in an address today. "You are getting the worst service in Michigan of any place in the country," he declared. Discussing trusts and corporations he said the control of all things industrial in the United States has been absorbed by a handful of capitalists. They have been a formidable adversary of the masses. He spoke of the "unscientific" manner in which the McKinley tariff bill had been drafted and continued with the statement that the Bingley tariff bill which followed did much to deteriorate the condition of the masses opposing deportation and aiding in the establishment of stronger monopolies.

ROOSEVELT PRESENTED WITH BOOM

IS READY TO WITHDRAW

Progressives Will Now Turn Forces to Support of Former President.

Washington, Jan. 3.—"Nothing but death can keep me out of the fight now," The President made this statement to White House callers today, adding that he had no objection to the statement being made public. It undoubtedly was intended to set at rest all reports that Taft might withdraw from the race for the presidential nomination for president in favor of Roosevelt.

Washington, Jan. 3.—A pale, puny and parentless infant was disposed of yesterday upon the political doorstep of Colonel Theodore Roosevelt. It was the La Follette presidential boom. It has strong lungs and is capable of making a great deal of noise. This is the only patrimony that it brings.

With a cry of distress and some little sputtering and spattering, the campaign which has been waged to get the Republican nomination for President for Senator Robert M. La Follette blew up today. There is nothing left of it now except a hole in the ground and some indentation in the bank accounts of several gentlemen who have been financing it the past year, but who are doubtless able to withstand the loss.

With an air of resignation and satisfaction the La Follette supporters announce not only their desire but their intention to turn over to Theodore Roosevelt everything they possess in the way of organization, good will and sentiment in the hope that he will accept it and step forward and take the nomination from President Taft.

The Washington Times, which is regarded as the official organ of the La Follette progressives and which for some unknown reason has been unfriendly to the President, yesterday printed the La Follette valedictory. It says at the outset of a long story:

"We started out to beat Taft and we have done it."

"With Taft beaten and Roosevelt willing, Roosevelt's nomination is inevitable. We are satisfied."

"There is the position of the La Follette political organization, which is expected to be made clear in some public way soon after the return of the Wisconsin senator from his western tour. There will be some opposition to it, and it is probable La Follette's name will be withdrawn as a presidential aspirant. In all probability he will be named in the Chicago convention of next June, and will get whatever votes are sent there to support him.

"But the La Follette forces recognize that Roosevelt will be the real progressive candidate, the man who will defeat Taft if Taft is not renominated. Most of them are satisfied. Without important exception they feel the outcome is all but certain."

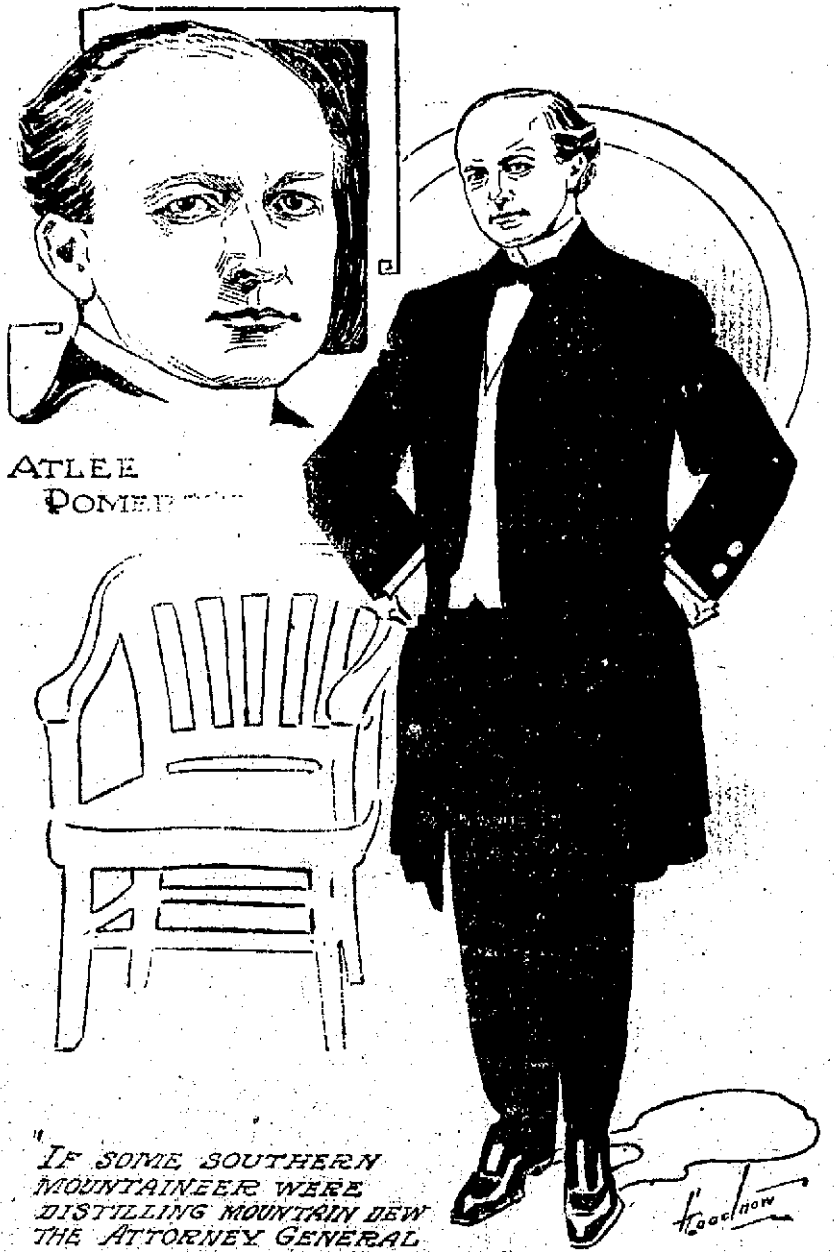

The reasons for the surrender of the La Follette forces at this time are not difficult to find. The action of the so-called progressives in Columbus Monday, when by an overwhelming vote they refused to endorse the Wisconsin senator, was followed by the repudiation of La Follette by Governor Osborne of Michigan, whom the anti-administration Republicans have looked up to as the personification of their ideals.

These two incidents, occurring almost simultaneously, served to sound the death knell of the aspirations of Senator La Follette. It is even stated by his friends here that he will in the immediate future announce his retirement from the race and declare that he has "just been fooled" all the time, and is always, has been and ever will be in favor of (Continued on Page 2, Col. 3.)

SENATOR ATLEE POMERENE OF OHIO STILL YEARS TO PUT ROCKEFELLER BEHIND BARS

Atlee Pomerene, junior senator from Ohio, gave out a statement at his home in Canton before departing, to be present when Congress reconvened, in which he declared he was going to do his best to force criminal prosecution of high officials in the Standard Oil and American Tobacco companies. Pomerene vigorously flayed Attorney General Wickesham and President Taft for their failure to institute criminal action.

"If some mountaineer in the South distilled mountain dew from corn he had raised," said the senator, "the head of the Department of Justice probably would not suspend the criminal statutes as he did the criminal provisions of the Sherman anti-trust law."

RESOLUTION TO RECOGNIZE NEW REPUBLIC BY U. S.

Washington, D. C.—Recognition by the United States "of the Republic of China as a member of the family of nations" was called for by a resolution introduced today by Representative Sulzer of New York and referred to the commission on foreign affairs. The resolution congratulates the "patriotic people of China for reclaiming their inherited right to self government."

New York, Jan. 3.—Louis Brown, a motherless boy of six years, lost his life in a fire yesterday because he stayed by the side of his four-year-old sister, Helen, and shielded her from smoke and flames. A fireman, searching through the burning building found the two children unconscious.

A WAY TO HELP NEWARK.

Patronize your home merchants and your home mechanics.

The more money you spend away from home the poorer your town will be. The more you spend among Newark business men or deposit in local financial institutions for your future use the better will it be for Newark.

Few people stop to think that buying from a mail order house or from stores in Columbus or elsewhere retards the prosperity of Newark—your own prosperity as well as that of your neighbors. Sending money away from Newark is enriching outside corporations at the expense of your home town. It has been said before, but it's worth repeating:

Buy in Newark and whenever possible purchase Newark made goods. Keep the money circulating here at home. When you spend money here in Newark it shouts 'Till We Meet Again.' When you send or take money to another city it sighs, 'Farewell Forever.'

Spend your money at home. This means more funds for civic improvements and betterment of the town means growth and increased happiness for all its people.

12 YEARS IN PEN FOR MORELAND

Prisoner Receives the
Sentence With Stolid
Indifference

ASKS COURT FOR MERCY

Judge Nicholas Delivers Lengthy
Opinion From Bench Going
Deeply Into Details of Case.

Don Moreland, self-confessed slayer of Elsie Henthorne, the 14-year-old school girl at Panaskala last March, was sentenced to the Ohio penitentiary Wednesday morning for a period of 12 years, no part of which is to be in solitary confinement.

The defendant received the sentence with the same stolid countenance which he has maintained each time he has been brought into court.

Before sentence was passed upon him and after the court asked if he had anything to say, Moreland addressed the court and said that there were some things in the case that he was not guilty of and that he would like to have a chance to lead an honest, upright, Christian life, and that he had something on his mind that he did not think he would ever forget.

Counsel for the defendant, C. W. Montgomery, asked the court to be lenient with the prisoner in his sentence.

Before passing sentence on the defendant, Judge Nicholas went deeply into the details of the case and in a lengthy opinion gave his version of the tragedy deduced from the evidence and the story of the prisoner himself.

He said in part:

"I find the suspicions aroused by my own examination of him, were more than justified, and this defendant's tendencies are toward the criminal and that his mind is cunning and crafty."

"With this analysis in mind, I find but little trouble in disposing of this case."

"I do not believe the little girl was killed where she says she was. Nor do I think she shot her purposefully. I think the facts disclosed in the case justify me in the opinion that before the defendant saw the little girl that day, that he resolved to drive her home and while with her try to assault her, that she spurned his advances, that she attempted to leave the buggy, that she drew the revolver to frighten her and that she made a frantic effort to seize the weapon and obtained a slight hold on it while in the act of arising from her seat to jump from the buggy. I believe that the defendant's hold on the weapon tightened at this instant and that his grip caused the hammer to be raised and the weapon discharged. I believe that a relaxation of the muscles which followed when the bullet pierced her heart, caused her to pitch headlong from the buggy into the muddy road."

"I believe that Moreland placed her body in the buggy and started for her home and that he reconsidered this action and again placed her body on the ground beside the road."

"In my opinion, gathered from my interview with the defendant, he is a crafty and cunning criminally inclined degenerate."

With these remarks, Judge Nicholas then passed sentence on the man and he was led from the court room.

SEVERED NOSE FOUND 8 HOURS AFTER ACCIDENT

Is Grafted Back in Place By Surgeons and They Declare It Will Grow.

Albany, N. Y., Jan. 3.—Michael Bello's nose was cut off with a razor early yesterday; eight hours later the member was found in a doorway where the fight occurred and just before sunset surgeons grafted it back in position. They believe the operation will prove successful.

MORSE ATTEMPTED TO BRIBE WARDEN

Atlanta, Ga., Jan. 3.—Warden W. M. Moyer of the federal penitentiary yesterday made formal statement declaring that Charles W. Morse, the convicted banker of New York, had offered him a bribe shortly after Morse became a prisoner. He said he had refused it and had notified Attorney General Wickesham.

VOTERS ATTENTION!

A WARNING.

Nearly 500 persons not on the register of voters, have registered so that they can vote at the Local Option election. It has been reported to the Local Option League that some of these persons are not qualified electors. Every new registration is being investigated. Every illegal voter will be challenged if he attempts to vote, and will be arrested. The penalty for illegal voting is from six months to five years in the penitentiary.

THE MODEL SALOON IN ZANESVILLE.

A representative of the Local Option League visited Zanesville on Tuesday. He saw and heard there some things about the model saloon that Newark people ought to know before they invite that institution back to our fair city.

He was told that the manager of the wet campaign, who had kept sober during the three years Zanesville had been dry, was seen drunk in one of her model saloons.

He was told that Goldie Ayres, bartender at Metzgar's saloon, was fined \$100 and costs and given 30 days in jail for violating the liquor laws. But the 30 days in jail was suspended and \$75.00 of the fine was remitted.

He was told that Edgar Norris, 17 years of age, whose father runs a lumber mill, purchased drink in a model saloon when intoxicated, but the charge against the bar tender was dismissed.

He was told by a police court reporter that there had been more drunkenness in Zanesville in two weeks with the open saloon, than there had been in a year under Local Option, and this was especially true of young men. He was wet himself, and had voted wet twice, but he was so disgusted with conditions that he would not vote wet again.

He was told that Mr. Sturtevant did say at a meeting that it was a question whether the saloon men are going to run the Tax, Law and Order League, or the League is going to run the saloon men.

He was told by a prominent business man that it was not true that there were more Xmas shoppers in Zanesville this year than ever before. In fact there was a great falling off of business. This is confirmed by a flaring sign which is to be seen upon a prominent store on Main street, "Selling Out to Quit Business in Zanesville, Stock, Fixtures and Lease For Sale."

Vote dry and save Newark from these conditions.

THE BOARD OF TRADE.

"What is the Board of Trade? It is an organization of citizens, who without compensation organized to advance the interests of the city. They seek to bring in industries and interest capital from without. Their success will depend not altogether upon the inducements that are held out in the way of cheap fuel, railroad facilities, etc. There is a new demand made upon a city now that was not so much regarded a few years ago, and that is WHAT ARE ITS MORAL, INTELLECTUAL AND SPIRITUAL ADVANTAGES?"

So if Newark wants to interest foreign capital, she must develop these higher conditions.—Hon. James A. Rice at Auditorium.

THE MODEL SALOON IN NEW STRAITSVILLE.

In New Straitsville, on Saturday evening, December 9, a drunken throng surged the streets, knocking innocent children into the gutters, frightening the women and girls, fighting, cursing and swearing like mad men, defying the law and damning all who stood for law, order and decency. One citizen put it, "It was a sight never to be forgotten in the history of New Straitsville."

Malcolm McNeal, a sixteen year old boy of New Straitsville, was so drunk on the night of December 7, that it was necessary to call a physician and give him medical attention. Howard Essex, thirteen years old, paraded the streets on the evening of December 8, with three bottles of beer. He managed to give enough of the "stuff" to Gilbert Wallace, twelve years old, that other boys were compelled to assist him home.

If you do not want such conditions in Newark, vote dry.

The saloon, the gambling dens, prostitution and murder lie in the same bed. Will you vote to bring them back to Licking County—vote dry and save our boys and girls.

MEETINGS.

Thursday at 8 o'clock, High School Auditorium. Speaker, John Rutledge of Cleveland. Be sure you hear this eminent Irish orator. He will make you laugh, cry and think.

Friday at the First M. E. church, Grand Final Rally. Addresses will be made by the Hon. Wayne B. Wheeler and other able speakers. If necessary an overflow meeting will be held in the Fifth Street Baptist church.

699 CASES ARE PENDING IN THE SUPREME COURT

Columbus, Jan. 3.—According to statistics compiled under the direction of Frank E. McKean, clerk of the Supreme court, there was a large falling off in the amount of work performed by the court during the year just past. But 364 cases were disposed of during 1911 against 631 disposed of in 1910. During 1911, 500 cases were filed. This is 169 less than was filed in 1910. There remain pending 699 cases today, while the same date last year 762 cases were awaiting judgment. The court disposed of 313 motions during the year.

MICHIGAN BANK CLOSED BY THE U. S. GOVERNMENT

Aubion, Mich., Jan. 3.—The Aubion National bank was closed yesterday. A note posted on the door says that the bank is in the hands of the controller of the currency. The bank's deposits are said to have fallen from \$240,000 on September 1, 1910, to about \$200,000 at the present time. The capital is \$500,000 and surplus and undivided profits September 1, 1910 were \$13,356. The Aubion National bank in 1904 succeeded the First National bank which was organized in 1864. W. O'Donoghue is president and H. M. Dearing, cashier.

PACKERS FINED FOR VIOLATION OF THEIR AGREEMENT

Chicago, Jan. 3.—Forty cents a hundred pounds was the penalty assessed against members of the old packers' pool who over-shipped allotments to any particular territory and the amount was distributed every week immediately after the meeting at which the packers reviewed the shipments of the preceding week. This information regarding the inside work of the pool in the period between 1893 and 1896 was given by Harry Veeder when he resumed his testimony in the trial of the ten Chicago packers before United States Judge Carpenter yesterday.

WILL INVITE MAYORS.

Chicago, Jan. 3.—Invitations were mailed yesterday to the mayors of all cities of the United States asking them to visit Chicago for a municipal congress from March 7 to 12.

The principal topic of discussion will be the "practical city beautiful."

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle, absolutely free. When writing be sure and mention the Newark Daily Advocate.

PATROLMAN SEES BURGLAR USING JIMMY

Burglars attempted to enter the grocery store of J. C. Brown, corner of Buena Vista and East Main streets, about 1 o'clock Wednesday morning. Officer Ham Stewart, patrolling his beat, came on the fellow while he was engaged in endeavoring to gain entrance by jimmeying the side door. The fellow caught sight of the patrolman and took to his heels. The officer called out to him to stop, but he only ran the faster. The officer then fired several shots in the air, but the man disappeared and nothing more was seen or heard of him.

ROOSEVELT

Continued from Page 1.) of the nomination of Theodore Roosevelt.

There is a grain of truth underlying the admissions which are made by the La Follette advocates which is that their real purpose in pressing the canvass in behalf of the Wisconsin senator was to accomplish the defeat of President Taft.

Says The Times: "Friends of Senator La Follette declare he never has believed he could be nominated

The greatest enemy of Newark City extant is Wayne B. Wheeler. He was the original responsible party for the importation of the dry sleuths to Newark, who caused the riots of July 8, 1910. This outrageous scheme resulted in the lynching tragedy that has furnished Wheeler with his chief material for agitation throughout the state since that time; and Newark has been the target for all his bitter tirades wherever he has spoken. No city ever had a more virulent enemy than Newark has in Wayne B. Wheeler. His salaried assistants, whose whole vocation is agitation, are AIDING him in the great injury he is causing the business and property interests of our city.

[Adv.]

this year. That there was a gambling chance of course, many of his followers have insisted. No game involves more fascinating chances and uncertainties than that of a national convention.

"But Senator La Follette's purpose in becoming a candidate was that of the pioneer, the breaker of the ground. From the beginning it was recognized that while Senator La Follette might prove to be the contrary of what Mr. Taft was beatable, Senator La Follette was unlikely to get the nomination.

"Colonel Roosevelt always stood in the background as the dominating figure in reserve, ready to take the ball and make the run for the goal if the La Follette attacks should demonstrate the weakness of the Taft line."

The action of the Columbus meeting in refusing to commit itself to the candidacy of Senator La Follette was a severe blow to his friends here. They had anticipated that as a result of his whirlwind canvass in Ohio and the invasion of the insurgent cohorts there would be nothing to it when it came to the assembling of the progressives and that La Follette would be endorsed with a whoop.

As if this were not enough in itself of a disappointment, on top of it came the statement of Governor Osborne declaring that as between Taft and La Follette he was for Taft.

This fairly took their breath away and when they had recovered they lost no time in throwing up the sponge and preparing to go over, bag and baggage to the inhospitable tent of Colonel Roosevelt and ask him to be taken in and to serve.

Contemporaneous with the bursting of the La Follette bubble there were rumors in circulation about Washington that the president had sent an emissary to Oyster Bay to demand categorically of Colonel Roosevelt whether or not he wanted the Republican nomination and whether he would take the nomination if it should be handed to him.

Of course, nothing of the kind has happened, nor will anything like that occur.

The departure from Washington of Secretary Hills in company with Assistant Secretary of the Treasury Bailey for a day's hunting trip down the Potomac gave rise to the report that he had gone to Oyster Bay himself upon a mission for the president.

All of these stories when traced to their origin have been found to emanate from persons closely allied to the defunct La Follette boom.

The truth is that they have given the opponents of the administration

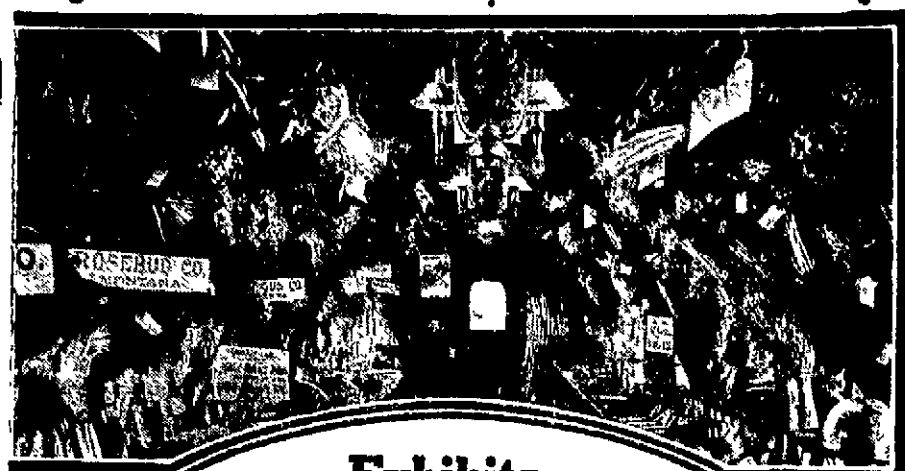

more concern that they have the president.

The president is simply sitting tight. He is not troubling himself about the Roosevelt tak, and so far as the La Follette boom is concerned it never has given him the slightest concern. He has been content to accept as genuine the statement of former President Roosevelt that he is not a candidate and has gone on performing his public duties confident in the belief that he will be re-nominated and also firmly of the opinion that as conditions in the political world improve he will be re-elected.

No statement concerning the turning over of the La Follette boom to Roosevelt was forthcoming at the White House, because none was deemed necessary. It is not a White House matter, and is something that concerns only the friends of Senator La Follette.

There has not even been any evidence to show that Colonel Roosevelt would take the bait and give it shelter, even as an act of charity and humanity. The presentation of the La Follette "organization" to Roosevelt is a gratuity which has not been asked for, and of which there is nothing to indicate that it will be accepted.

SOCIETY

The Phi Beta Psi sorority entertained a number of friends with a Leap Year dance on Tuesday evening at Assembly Hall. The Parker trio from Columbus furnished the dance program and a buffet luncheon was served the dancers who were as follows: Mr. and Mrs. Edwin Besuden, Mr. and Mrs. Frank Webb, Mrs. Daniel Attshool, Mr. and Mrs. Julian Long, Misses Hazel Attshool, Frances Wright, Pearl Mercer, Mary Dollett, Leontine Moore, Helen Chase, Elizabeth Solin, Ruth Wintermute, Hannah Sullivan, Louise Elliott, Mary Nichols, Nellie Jones, Anna Sprague, Louise Latimer, Murgery Collins, Louise

The Leap Year club gave their first of a series of dances at Knights of Mystic Chain Hall on New Year's night. The members and guests included Messrs. and Mesdames John Doyle, Wm. Sheppard, Wm. Clugston, C. E. Rian, W. H. Arnold, Charles Hoover Ingram, John Brown, Joe Kane, Reybeck, Emmet Westbrook, J. C. Barnes, C. G. Seward, Guy Nutter, J. L. Ramey, Frank Peck, Tom

Better than butter for cooking

A shortening richer than butter! Every woman thinks such a thing is impossible!

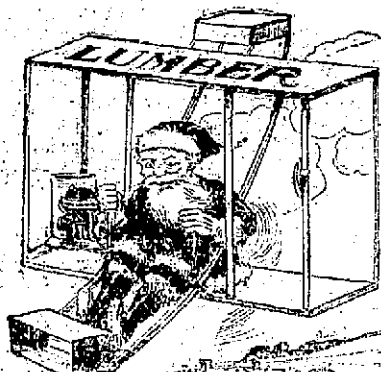

Test Crisco in any cake recipe which requires much butter. The best creamery butter that you can get is nearly one-fifth water. Crisco is all shortening.

There is no moisture to dry out. Cake made with Crisco may be kept longer without loss of its original rich flavor and fine soft texture.

Crisco is actually better than butter for cooking and so much cheaper.

Shamp, Dr. Downs, Harry Lipscomb, Charles Brown, John Brown Jr., Tony Mauger of Pittsburgh.

During the evening a delicious lunch was served after which dancing continued until 12 o'clock.

Mrs. Ralph Wyeth was hostess to the members of the Tuesday Afternoon Bridge club on the club day at her home in the Granville road. Several tables of players participated in the game which concluded with the club prizes being received by Miss Jesse Robbins and Mrs. Charles Keilberger, while Mrs. Edward King was the fortunate contestant for the guest souvenir. The guests of the club were: Mrs. Edward King, Mrs. Robbins Hunter, Mrs. Walter F. Upson and Mrs. Howard Jones.

The Thalian Girls of N. H. S. accompanied by Miss Vance, spent the evening with Mrs. Lloyd at the home of her father in Granville. The time was spent in music and games and at 6 o'clock a delicious luncheon was served. At 7:30 the party took the car for Newark, wishing Mrs. Lloyd many more such happy New Year days.

One of the delightful social functions of the holiday season was the dinner given by the Philoxenia club at the home of Mrs. John Danner in Wilkin street, New Year's night. The table with its lighted candles and large center piece of green and white, the club colors, presented a very pleasing appearance. White carnations were the favors given and dainty hand-painted place cards the work of Miss Helen Banton, seated the following members: Misses Bartha Crilly, Lena Anderson, Mary Danner, Ethel Deming, Mary Balzer, Helen Banton, Katherine Stottler, Hattie Hagerstrand, Maud Sanford, Bertha Hopp, Marie Bohn, and Mrs. John Danner.

Mr. and Mrs. Dale Gilmore entertained with a three course dinner New Year's Day to about twenty guests. The dining room was decorated with bells, the center piece being a huge bell suspended from the center of the ceiling, colored glass and silver. Mr. Chester Snelling favored them with several selections on the violin and Mrs. S. T. Courson and Mrs. M. O. Griffith rendered two solos.

The guests were: Mr. and Mrs. S. J. Snelling, Mr. and Mrs. Arch Lytle, Mr. and Mrs. Noble Snelling, Mrs. S. L. Courson, Mrs. M. O. Griffith, Mrs. C. W. Kimbrel, Messrs. Arthur Gilmore, Chester Snelling, Wayne Snelling, Maurice Snelling, Floyd Gilmore, Misses Mary Courson, Dorothy Snelling, Viola Gilmore, Florence Bellva Snelling. All departed at a late hour, thanking the host and hostess for their kind hospitality and wishing them a very happy New Year.

The L. C. B. will hold a card party at the Modern Woodmen hall on Thursday evening, January 4.

Mrs. Frank Bader will entertain the members of the Proctor club on Thursday afternoon at her home in Granville street.

CRILLY-SMITH. Announcement is made of the marriage of Miss Olive Smith and Mr. Clyde Crilly. The announcement will undoubtedly come as a great surprise to their many friends for the young people took none of them into their confidence.

The wedding was solemnized on Tuesday evening at the parsonage of St. Francis de Sales church by Rev. Father B. M. O'Boylan, and they were accompanied by Mr. and Mrs. W. H. Smith.

The bride is the daughter of Mrs. Rose Smith, deceased, and the groom is the son of Mr. and Mrs. Andrew Crilly and has been acting as clerk to his father, who is superintendent of Cedar Hill cemetery. Mr. and Mrs. Crilly will probably reside at the Smith home in South Fifth street.

AMUSEMENTS

ADVANCE SALE GOOD.

The largest advance sale for the present season was that for the Aborn Grand Opera company, which opened at the Auditorium theatre on Tuesday morning. A large lineup awaited the opening of the box office and the demand for seats has been large. The greatest previous sale for this season had been for Montgomery & Stone, but the performance of "Martha" by the opera company will probably be a sell out house. This will be the first

ABORN OPERA CO.

Auditorium on Thursday night, January 4, will be a novelty most attractive to the many music lovers who have never before witnessed the complete stage presentation of this beautiful opera. The "Grand Opera" head-line is an elastic one, and includes many different sorts of compositions, of which "Martha" is one of the lightest and most brilliant.

"UNCLE TOM'S CABIN"

If all the good things said of Al. W. Martin's "Uncle Tom's Cabin" company by the press of other cities are true, and we have no doubt they are, the Auditorium theatre on Saturday, matinee and night, Jan. 6, will have an attraction that will draw universal patronage. In point of size and equipment the Martin company is said to be one of stageland's biggest offerings. A matinee will be given on Saturday afternoon.

Lottie Gardner a pretty soubrette, will close the show. The Orpheumscope has a feature film.

A SATINY COMPLEXION AND BEAUTIFUL HAIR.

(Mrs. B. R. in Vernon's)

"Rough and red skin, chaps and cold sores are the bane of women in winter. To get rid of these, apply Mother's salve before retiring. It is a splendid remedy for pimples, eczema and other skin afflictions, and has no equal in healing old sores, burns, scalds and cuts.

A better protection than powder for the complexion is to rub the face; neck and arms gently with solution made by dissolving an original package of mayotone in half a pint of witchhazel. It will not rub off or show and makes the skin soft, satiny and pliable, and prevents growth of hair.

"Don't catch cold washing your head. To make a dry shampoo that will clean the scalp and hair, put a cupful of corn meal in a fruit jar, add the contents of an original package of therox, and shake well. Sprinkle a spoonful on the head and brush through the hair. It will leave the hair light and fluffy and heighten its original color."

Every Property Owner in the County In Jeopardy Under the Rose Law

TO THE PROPERTY OWNERS OF NEWARK AND LICKING COUNTY:

Voters of Licking county, many of you are owners of residence property which you rent to others, and you may not always have your choice of tenants.

Do you know the great risk you take when you rent your house, either in country or city, in a county where COUNTY OPTION LAWS—where THE ROSE LAW IS IN FORCE? Do you know that if your tenant should SELL A DRINK OF LIQUOR IN YOUR HOUSE, stable, out-building, back-yard, anywhere on your premises, after you had rented to him, that YOUR PROPERTY BECOMES LIABLE for payment of the Aiken tax, with all its fines and penalties and costs? Do you know that this is true even though your contract expressly provides that NO INTOXICATING LIQUORS SHALL BE SOLD on your premises? Do you know that THIS IS TRUE even though you have NO KNOWLEDGE that your property is being used as a place for the sale of liquors? Have you stopped to think about that when deliberating as to how to cast your vote next Saturday? If you think we are trying to mislead you ask Mr. James Whitworth, of Zanesville, Ohio, what his experience has been, and is, in that regard.

THE PROPERTY OWNER IS LIABLE, and it has been held that he is liable EVEN THOUGH HE HAD NO KNOWLEDGE that the law was being violated, and even though he had taken the precaution to have clearly written in the lease that the premises should not be used for the sale of intoxicating liquors.

James Whitworth of Zanesville will tell you his experience. It has already been told in the proceedings of the Common Pleas Court. Mr. Whitworth owns a building at No. 122 West Main St., Zanesville. He rented it to a tenant and THE LEASE PROVIDED in the strongest and plainest terms THAT NO LIQUOR SHOULD BE SOLD on the premises. But, today James Whitworth is in court and in trouble, incurring heavy expense in an effort to save his property from confiscation. He has given bond for \$300, employed attorneys, lost much time and suffered much inconvenience because his tenant—a woman, at that—is charged with having sold liquor on Mr. Whitworth's premises.

And that is not all Mr. Whitworth will tell you. He will tell you that during the three years that the Rose law has been in force in Zanesville he has given notices to ten different tenants to vacate his property at 122 West Main street, because he was suspicious that intoxicating liquors were being sold by them. He will tell you that by reason of these things his property was vacant considerable time (and a part of it is still vacant) and he has lost much rent. But in spite of his precautions; in spite of his strong lease, he finally got caught, and that he is now in what he terms a HOPELESS STRUGGLE TO SAVE HIS PROPERTY FROM CONFISCATION.

Deception of the "Drys"

The Anti-Saloon League in its desperation to poison the minds of the independent voter, has called upon a few dry papers over the state to assist in polluting the minds of the of the reader by filling pages in dry papers in counties that have recently voted wet with padded police records and mis-statements. These articles are then sent to the state headquarters of the drys, printed in boiler plate form and sent into counties that are about to vote upon the local option question.

Such articles have appeared in the Ironton Register, Marion Mirror, Waverly Democrat and Portsmouth Blade, all dry paper hirelings, and in the latter a two-page statement was published in Monday's issue, which will undoubtedly appear in boiler plate form as a "dry ad" in a number of counties over the state which are about to vote on the local option issue.

In its Monday's issue the Portsmouth Blade convicts itself of the charge that these articles are not written for home consumption as the following notice printed on page three of the Blade shows. Herewith is an exact reproduction of the article:

PLATES PRESERVED TO PRINT EXTRA COPIES OF TODAY'S BLADE.

In the center of this issue of The Blade will be found two pages of matter in the name of the Scioto County Local Option League. Those who want a considerable number of copies of this extraordinary statement concerning the operations of Portsmouth's saloons during the past two months should send their orders to The Blade office. Stereotyped plates for purposes of reproduction have been preserved.

The articles are compiled by dry leaders for effect and are paid for by the state organization. They are not for home consumption in the papers in which they are published not by any means, but will be used to try and deceive the voters in those counties which are undergoing an option campaign.

Three years ago the "drys" promised the citizens of Licking county improved business conditions if the county was voted dry. They imported speakers of state reputation who painted glowing pictures of what would happen if the county voted to abolish licensed saloons. They were taken at their word and Licking county voted dry.

Have these promises been verified? No! Far from it. Today we have in operation at least 250 speakeasies, bootleggers and kitchen bars. Whole families have been debased and hundreds of young boys and men have been started on the downward path by these illegal places.

Business houses of Newark that were formerly on friendly footing are now at variance. Neighbors have quarreled over the question and do not speak as they pass by. A teacher even, by her action, has TAKEN IT INTO THE PUBLIC SCHOOL, where pupils whose parents are on both sides of the question are patrons. Is this improving conditions?

Scores of Newark business men want a change of conditions from the operation of the Rose Law. For that reason they have formed the Business Men's and Taxpayers' Association and they are asking you, Mr. Voter, to help bring about an improved order of things by voting Wet at the polls next Saturday.

Now, another thing. If you want to help foreign mail order houses you can boost their game by voting dry. The money thus spent by Licking county people will enrich men who contribute nothing to the prosperity of this community. By voting dry you can also help rival cities. When a man lives midway between a wet and dry town, his horses know which way to turn just as soon as he drives out of the gate. It only requires horse sense to know that prohibition is a bad thing for any city. Zanesville voted wet recently by a majority of 3,800. Do you want thousands of Licking county dollars turned into the coffers of the Zanesville merchants? We think not, therefore we believe that you will vote wet.

Saturday next, Mr. Voter, you are to pass upon the issues of this campaign. You are to settle the question—not whether liquor shall be sold, but whether it shall pay a revenue and lower your taxes. You must decide whether it is better to breed sneaks or real men. You are to say by your ballot whether it is better to drive business out of your city, or invite customers to come without muzzles. If liberty means anything to you, if you hate hypocrisy, love justice and believe that when a man is twenty-one years of age he is entitled to enough liberty to determine for himself what he shall think or do, VOTE WET.

1911 BURIALS FALL SHORT OF RECORD IN 1910

The statement of Health Officer W. H. Knauss, made several days ago, places the mortality in the city for the past year at 338. During the year of 1910 there were 351 deaths in the city. An examination of the records of the Cedar Hill cemetery shows that there were 295 burials made at that place during the year of 1911. During the year of 1910 there were 301 burials at Cedar Hill.

NATION TO FIGHT RHEUMATISM

Crusade Began Against Alarming Increase of "Weather Disease" "Educate the Sufferers" is the Slogan.

Washington, D. C., Jan. 3.—Following the recent agitation against consumption extensive tests have recently been made to ascertain what is the most certain method of curing rheumatism permanently.

The claims of many prominent physicians and manufacturers of rheumatism treatments, without prejudice or favor, were taken into consideration. Evidence of cures were carefully scrutinized. T. C. Millard of Flint, Michigan, the discoverer of the Floss Rheumatism Cure, demonstrated so thoroughly the action of his remedy, its certainty, and the exceptional array of proofs, testimonials, letters from chronic cases cured by it, that it was decided to sanction the use of this remedy as being the most reliable and the most definite in curative action. It was pronounced by analysis to be absolutely safe in its composition.

One of the most interesting cases noted was that of Mrs. Mary E. Thorn, 605 Pine street, Owensboro, Mich., 87 years old, who had been a sufferer for 14 years, during which time no remedy was found availing. Three days after using Floss her pains ceased and she is now pronounced cured.

For sale in Newark by W. A. Erman, R. W. Smith, T. J. Evans and all leading druggists, or sent prepaid on receipt of \$1.00 or six bottles for \$5.00. Floss Remedy Co., Flint, Mich.

CONTINUE HUNT FOR MISS BUEHLER

Chicago, Jan. 3.—Undaunted by fruitless investigation of misleading clues in their search for missing Violet Buehler, the police prepared yesterday to extend their efforts to half a dozen states. Both Inspector Hunt and Captain O'Brien have many letters in their possession from persons who believe they have seen the missing girl and in the belief that at least one of these may prove valuable they intend to let none go uninvestigated.

Letters have been received from Iowa, Indiana, Michigan, Missouri and as far away as Utah and North Dakota. It is the intention of the detective department here to ask the police in every city from which letters have been received to make inquiries if there is any foundation for them.

Mrs. Buehler spent the day yesterday with detectives investigating clues in and about Evanston, Ill., in the hope of finding her foster daughter, but they proved unavailing.

Mr. and Mrs. Virgil Wolfe visited Mr. and Mrs. Edward Ashcraft of Bladensburg, Sunday.

JOHNSON WILL FIGHT FLYNN

Chicago, Jan. 3.—Jack Johnson, heavyweight champion of the world, said he would sign an agreement to fight Jim Flynn, the Pueblo fireman at Windward, Nev., either in June or July.

Johnson's end of the bout according to the agreement, will be \$20,000 and a third interest in the moving pictures. The champion has stood out for \$30,000 win, lose or draw for his next fight.

Johnson believes the present arrangement will amount to the same thing.

RAT HUNT ON AT BEECH WOODS

Beech Woods, January 3.—The Oakthorpe Country club members are conducting a rat and sparrow hunt through here. Thousands of the pests are being exterminated. They visited B. A. Drum's premises where the rodents had almost gotten possession and carried away hundreds of rat tails as trophies. The contest will close in a few days when the victors will be entertained with a big oyster supper by the side having the smallest number of sparrow heads and rat tails.

Oliver Miller of Columbus spent several days here with Julius Yost and family.

C. A. Foster and wife were visitors in Lancaster this week.

Roy Snider and Mabel Baker, two young people of this place, were married by Rev. E. A. Marker of Somerset Sunday.

"Bulger" Chaffant discovered one of his mules fastened in a wire fence, and was nearly dead when found. The animal was on a hillside and had evidently attempted to jump the enclosure when it became entangled. It is thought the poor fellow had suffered all night long. It required the assistance of a squad of men and boys to liberate it. Dr. G. V. Burnett, a veterinarian, surgeon was called.

M. R. Poulton, the Bruno grocer, has built an addition to his dwelling. The annual election of the Drum cemetery Association was held Monday. E. A. Drum, was elected trustee and president of the board. H. I. Drum, secretary, and Andrew Drum, treasurer.

Residents of the headquarters of the Miller ditch are "getting theirs" a backbone of contention in the form of litigation for over six years. This time it is something else. It looks as though Mary had paid the troubled waters a visit and near one light, resembling moons, have been seen constantly during the rainy season traveling the stream. The apparition saint or devil, jack-o'-lanterns or balls of old Zammie's fire, has caused consternation to sink deep into the souls of many rural fashions and older ones, as well, that cannot explain the mystery. Who can?

"Old Girl," the faithful horse owned by the Hoover sisters, and which has been a prominent figure on the roads, traveling through storm, rain, hail and sunshine, and near one did she play the part of a traitor, but alas faithful to her driver, died December 13.

MEN ARE HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here is a Common Sense Safeguard.

Big, strong man is as a helpless infant when he is suddenly ill. The sturdiest chap in town usually loses his self-control, and is utterly unable to regard his condition with the common sense that characterizes his every day actions.

For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets might have given him relief—might have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after each heavy meal, and ward off indigestion.

Rexall Dyspepsia Tablets relieve stomach troubles by aiding nature to supply those elements, the absence of which in the gastric juices, causes indigestion and dyspepsia. They tend to aid the stomach to digest all kinds of food and to quickly convert it into rich red blood.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail we will refund your money.

Three sizes, 25c, 50c, and \$1.00. Sold only at our stores or by mail. Remember, you can obtain Rexall Remedies in this community only at our store—the Rexall Store—F. D. Hall.

HOW TO BREAK A SEVERE COLD IN A FEW HOURS

Nothing else that you can take will break your cold or end grippé so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatic pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippé.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end grippé misery so promptly and without any other assistance or bad after effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

COL. W.C. WELLS IN A RUNAWAY BUT NOT HURT

Colonel W. C. Wells is wearing his hair in pompadour style today, not because he likes it, however; it will not lie down.

The Genial Board of Trade secretary was one of the principals in a runaway Tuesday and the excitement was such that his hair stood up straight and then refused to take its accustomed place. Abe Thomas says he would have given dollars for a moving picture film of the scene to throw upon his screen at the Grand.

Colonel Wells was out with Edward Armstrong looking at a proposed factory site. They were in a ploughed field along the railway track when the 21-year-old colt that Mr. Armstrong was driving took fright at a passing hand car and started off at a gallop. The colonel held his breath and Mr. Armstrong did likewise. The driver managed to keep the colt running in a straight line so nothing serious happened. It was all over after the horse got tired.

PIQUA COMES FOR HARD GAME

Basketball Game at Hickey Hall on Thursday Night Will Be Best Yet Offered

Tomorrow night the "Y" basketball team will play the speedy Piqua five at Hickey hall, and as this is the only team that ever defeated them it will be a battle royal. Piqua will have the same line-up as when they appeared here last season.

The Newark team is working hard to get into shape to win this game for if they can defeat Piqua it means that they have a first class team. The Piqua team is composed of players from Piqua, Dayton and Springfield. The game will be played at Hickey Hall on Fourth street just south of Main. The admission will be 25 cents to all and the game will be called at 8 o'clock.

As the expenses of bringing this team here will be about \$60 a large crowd should attend to help the boys along. All they want is to make expenses and as they are playing only the very best of teams the public should attend the games as they always give you your moneys worth.

Affidavits Regarding Conditions in Counties That Have Voted Wet

State of Ohio, Scioto county, ss:

To Whom it May Concern: Personally appeared Samuel Horchow, who being duly sworn according to law, deposes and says:

That he is a resident of the city of Portsmouth, Scioto county, Ohio.

That during the three years just closed, in which Scioto county was dry under the Rose law, moral conditions were worse and business hampered and crippled.

That as a business man protesting against these conditions, I worked for the restoration of the open saloon, conducted along legitimate lines.

That after the election and the saloons were open, property values increased, as well as business of the town.

That I have read statements from other counties about to vote on the liquor question, claiming that Portsmouth is crime-ridden and that conditions are worse than ever before.

That these statements are not true as the conditions in this city are better today than they have been for five years.

That any statement to the contrary is untrue and does an injustice not only to the city of Portsmouth, but to a large percentage of the business men as well.

The foregoing is a true and correct statement.

Signed, SAMUEL HORCHOW. Sworn and subscribed before me this 12th day of December, 1911.

Portsmouth, O., Dec. 12, 1911. State of Ohio, Scioto county, ss:

To Whom it May Concern: Personally appeared Simon Strauss, who being duly sworn according to law, deposes and says:

That he is a resident of the city of Portsmouth and has resided here for nine years.

That during the three years just closed in which Scioto county was dry under the Rose law, speak easies flourished, the town had an army of bootleggers and drunkenness amongst boys was common.

That since the county was voted wet property values have increased and the business of the town increased.

That there is not as much drunkenness in Portsmouth today as existed during the dry reign.

That the Business Men's league are co-operating and saloon conditions are good. Any statement to the contrary is untrue and a reflection on 90 per cent of the business men of Portsmouth.

The foregoing is a true and correct statement.

Signed, SIMON STRAUSS. Sworn to and subscribed before me this 12th day of December, 1911.

F. L. SIKES, Notary Public. K. A. S.

Ironton, O., Dec. 12, 1911. To Whom it May Concern:

On October 26, 1911, Lawrence county held its second election under the Rose county local option law, voting wet by a majority of 432, after being dry for

three years.

In the three years that Lawrence county was dry, insofar as bootlegging is concerned and its attendant evils, almost indescribable conditions prevailed. Vile stuff was sold in the name of whiskey, doing incalculable harm; the county was harassed and cursed by bootleggers of the lowest type and everything went to indicate that instead of prohibiting, so-called dry territory actually promotes an unregulated liquor traffic.

Since Lawrence county has returned to the wet column, business conditions have improved and show further signs of improvement. Bootleggers have been put out of business and the county freed of an extremely undesirable element of humanity.

We now have a "regulated" saloon traffic; order is being preserved and conditions are eminently better than at any time during the three years Lawrence county was dry.

Any statements to the contrary are false and untrue, and undoubtedly made by enemies of the county who must have some ulterior purpose in view.

T. V. DUPUY, Director of Public Safety, Ironton, O., Lawrence County.

Department of Public Safety, Ironton, O., Dec. 18, 1911. To Whom it May Concern:

The statements that appear in "The Daily Dry" of Tuscarawas county, Ohio, December 9, 1911, regarding Ironton, Ohio, since saloons opened are false, untrue and a malicious lie in every respect. The police fund is not depleted. It did not show a surplus of \$1,700.00 and is now sufficient to pay salaries to the end of the year 1911. Investigation of most rigid kind fails to develop any case in which necessities of life were ever exchanged for drink. As to our poor, we have only the normal number, in fact, less than usual.

The city poor fund is not depleted. "Business in past two weeks has been better than any time during dry period," is general report. The C. & O. Railway Co., at Russell Ky., just across Ohio river from Ironton, Ohio, paid out about \$17,000.00 last week. Except what was spent at Russell stores every cent of it came to Ironton, where it used to go to Ashland, Ky., when Ironton was dry. The ferry boat keeper between Russell, Ky., and Ironton told me today he had carried "more people to Ironton after pay day than ever before," and a machine in the C. & O. shops said, "When Ironton was dry I spent my money in Ashland and now I come here, and I am not a drinking man, either, yet my friends who do like an occasional glass of beer, come here and I come with them."

We have not had an arrest since last week and city prison is empty. Ironton is a quiet, law-abiding city. We have only five police, who cover a territory one by four miles in extent from 6 p. m. until 5 a. m. During the day, or from 5 a. m. until 6 p. m., only one man, the chief of police, is on duty. The mayor sent a communication to council calling attention to quiet and orderly state here and said more police is not needed.

SICK HEADACHE, DIZZINESS, TORPID LIVER, CONSTIPATION--CASCARETS

Sick headaches! Always trace them to lazy liver, delayed, fermenting food in the bowels or a sick stomach. Poisonous matter, instead of being thrown out, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, awful throbbing, sickening headache.

Cascarets remove the cause by stimulating the liver, making the poison move on and out and purifying the blood. The effect is almost instantaneous. Ladies whose sensitive organism are especially prone to sick headaches, need not suffer, for they can be quickly cured by Cascarets. One taken tonight will straighten you out by morning—a 10 cent box means a clear head and perfect health for months. Don't forget the children—their little insides need a good, gentle, cleansing, too. Children gladly take Cascarets, because they taste good and never gripe or sicken.

OBITUARY

DANIEL TATTERSOLL.

Daniel Tattersoll, one of the best known citizens of Newark, died at his home, 215 South Second street, at 10:50 o'clock Tuesday night after an illness of cancer of the liver which extended over a period of four months.

Daniel Tattersoll was born in England 80 years ago on the 21st of November last. When a mere boy he came to this country with his parents and settled in Rhode Island, where he lived for some years.

When quite young he was married to Miss Jane McGuckin of New York, and from this union six children were born, all of whom are dead with the exception of the son, Henry Tattersoll, who is a glassworker, and he is employed in one of the glass factories in Olney, Ill. His wife died several years ago.

At the breaking out of the civil war Mr. Tattersoll enlisted in a New Jersey regiment and served throughout the war.

When a young man he learned the cloth printing trade, but afterwards learned the machinists trade and for a number of years following the close of the war worked at that trade in the old Blandy machine works and in the Baltimore and Ohio railroad shops in Zanesville. About 1882 he was transferred to the Baltimore and Ohio shops in this city, where he worked until 1905, when he was retired on a pension.

The deceased was a well informed man and always took a great interest in local politics. He was a member of the Knights of Columbus and also of the Grand Army of the Republic. The funeral services will probably be held at the St. Francis de Sales church Friday morning, conducted by

the Rev. Father B. M. O'Boylan, and the body will be taken to Zanesville for interment.

BURGLARS CONTINUE OPERATIONS

BOX CONTAINING PAPERS OF LITTLE VALUE STOLEN FROM C. A. GRILL'S GROCERY.

Second Attempt Made to Enter the Ashbrook Store in South Third Street.

At about 3 o'clock Wednesday morning thieves forced an entrance into the C. A. Grill's grocery on South Third street and a short time later made an unsuccessful attempt to force the lock on the front door of the grocery of James R. Ashbrook on the same street.

The condition of the front door of the Grill store is evidence of the means employed to gain entrance, for the wood is badly splintered where the thieves inserted some heavy instrument and broke the lock out of the door.

The door of the safe in the Grill store was unlocked and the thieves shined the contents about the floor. An iron compartment in the safe was twisted from its fastenings and this the robbers carried away with them. The box contained no money, but insurance papers and other documents valuable to any one but the owner. The money in the cash register was removed by Mr. Grill before closing the store for the night and the drawer was left open and contained a few pennies, but these were not taken.

After a hasty examination of the stock, Mr. Grill was of the opinion that nothing in this line had been stolen. A steel used for sharpening knives was taken from the Grill store and was later used in an attempt to force the door at Ashbrook's grocery.

After leaving Grill's, the thieves proceeded to the Ashbrook store and using the stolen instrument tried to pry open the front door. Mr. and Mrs. Ashbrook have their sleeping room just above the store and about 3:30 a. m. Mrs. Ashbrook was awakened by the noise at the store door. She awakened her husband and raised the blind just in time to see three men cross Third street from the store and walk down Valandigham street because of the fact that the men were facing in the opposite

direction, Mr. Ashbrook was able to give no description of them other than that they were rather below medium height. On going to his store room Mr. Ashbrook found the steel taken from the Grill store wedged firmly in the crack of the door where the thieves had attempted to use it in prying the door open.

About a year ago thieves effected an entrance into the Ashbrook grocery and the present attempt is the third at the Grill store.

"EVERY LITTLE OLIVE TABLET HAS A MOVEMENT ALL ITS OWN"

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well known physician in Portsmouth, Ohio, perfected a vegetable compound mixed with olive oil, to act on the liver and bowels, which he gave to his patients for years.

Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

PLAIN FACTS

WHEN THE ATTENTION OF THE VOTERS OF LICKING COUNTY THREE YEARS AGO WAS CALLED TO THE FACT THAT OUR COUNTY COLLECTED MORE THAN \$80,000 PER ANNUM FROM THE LIQUOR TAX, THE DRYS TOLD YOU TO PLACE SOULS ABOVE DOLLARS. "SAVE THE BOYS AND GIRLS AND PROTECT THE STARVING WIFE AND CHILDREN," RANG THROUGHOUT OUR COUNTY. THE PEOPLE OF LICKING COUNTY HAVE NOW HAD THREE YEARS OF ACTUAL EXPERIENCE WITH LEGALIZED "PROHIBITION" AND NOW DEMAND AN ACCOUNTING. THESE PEOPLE ARE ASKING WHETHER THE ANTI-SALOON LEAGUE HAS MADE GOOD ITS PROMISE. HAVE THE PEOPLE BEEN BENEFITTED EITHER MORALLY OR SOCIALLY, OR FINANCIALLY, DURING THE PAST THREE YEARS? THE DRYS CLAIMED THAT "PROHIBITION" WOULD PROMOTE HAPPINESS AND DECREASE DIVORCES.

HERE IS THE RECORD

The drys told you three years ago that prohibition would decrease poverty and that your county infirmiry would soon be a useless institution. Here is the record:

The report of the infirmiry directors for the year ending Sept. 1, 1907, shows that at that time there were 61 inmates in the poorhouse, the report for 1911 shows that on Sept. 1 there were 81 inmates. In 1909 there were 98 inmates. In other words, the poor we have with us always, no matter whether regulated saloons or unregulated speakeasies are in vogue. The following figures speak for themselves:

EXPENSES OF COUNTY INFIRMARY

"WET" YEARS.		"DRY" YEARS.	
1907.....	\$16,080.39	1910.....	\$16,579.37
1908.....	16,736.25	1911.....	\$19,592.64

Total.....\$32,816.64 Total.....\$36,172.01

In 1908 the repairs at the infirmiry were \$693.44; in 1909, \$771.81, in 1910, \$1,387.10; in 1911, \$2,043.50.

The present infirmiry directors are all shrewd business men and administer the affairs of the board in an economical manner, paying the same close attention to county affairs that they would to their own business. It will be seen from their reports, though, that the expenses and number of inmates have increased during the last three years that the county was dry.

The county infirmiry received from the Aiken tax the following sums for the years 1906, 1907, 1908:

"WET" YEARS.		"DRY" YEARS.	
1906.....	\$13,846.05	1909.....	Levy of .50 mills
1907.....	20,773.62	1910.....	Levy of .70 mills
1908.....	16,959.18	1911.....	Levy of .20 mills

Grand total.....\$51,579.18

For the three years, 1906, 1907 and 1908, NO LEVY was made for infirmiry purposes, owing wholly to the income from the Aiken tax, which was sufficient to meet all the requirements of the infirmiry.

For the year 1909, the county infirmiry received from the Aiken tax \$1,622.05.

The last levy above stated, 20 mills for 1911, was made on the new duplicate under the one per cent tax law.

It will be seen from the above figures, that during the three years pre-

ceding the regime of the Rose law the county received \$51,579.18 from the operation of the Aiken tax.

For the three "dry" years the county received only \$1,622.05, revenue from the "bootleggers."

You, Mr. Taxpayer, paid the difference, about \$50,000.

Does it Pay? Remember that you can verify every statement here made by examining the records of the county commissioners. Ask them if the figures are true. They will tell you.

DIVORCE SUITS FILED

"WET" YEARS.		"DRY" YEARS.	
1906.....	98	1909.....	140
1907.....	127	1910.....	121
1908.....	114	1911.....	132

Total.....339 Total.....393

Since the county was voted dry, 54 more homes have been wrecked than before. Does that bear out the dry promise of three years ago?

In the administering of city affairs the records show that it cost the City of Newark as much to board law violators confined in the city prison for the last three years as much as it did the previous three years under the open saloons.

BUILDING PERMITS

"WET" YEARS.		"DRY" YEARS.	
1906.....	249	1909.....	56
1907.....	114	1910.....	107
1908.....	98	1911.....	138

Total.....461 Total.....301

These figures were obtained from the records on file in the office of the service director. You will see, Mr. Voter, that during the three years previous to the voting of Licking county dry there were 160 more building permits issued than there were under the operation of the Rose county local option law.

Figures do not lie. They speak for themselves. Does it not look as if times were more prosperous previous to the enactment of the Rose law.

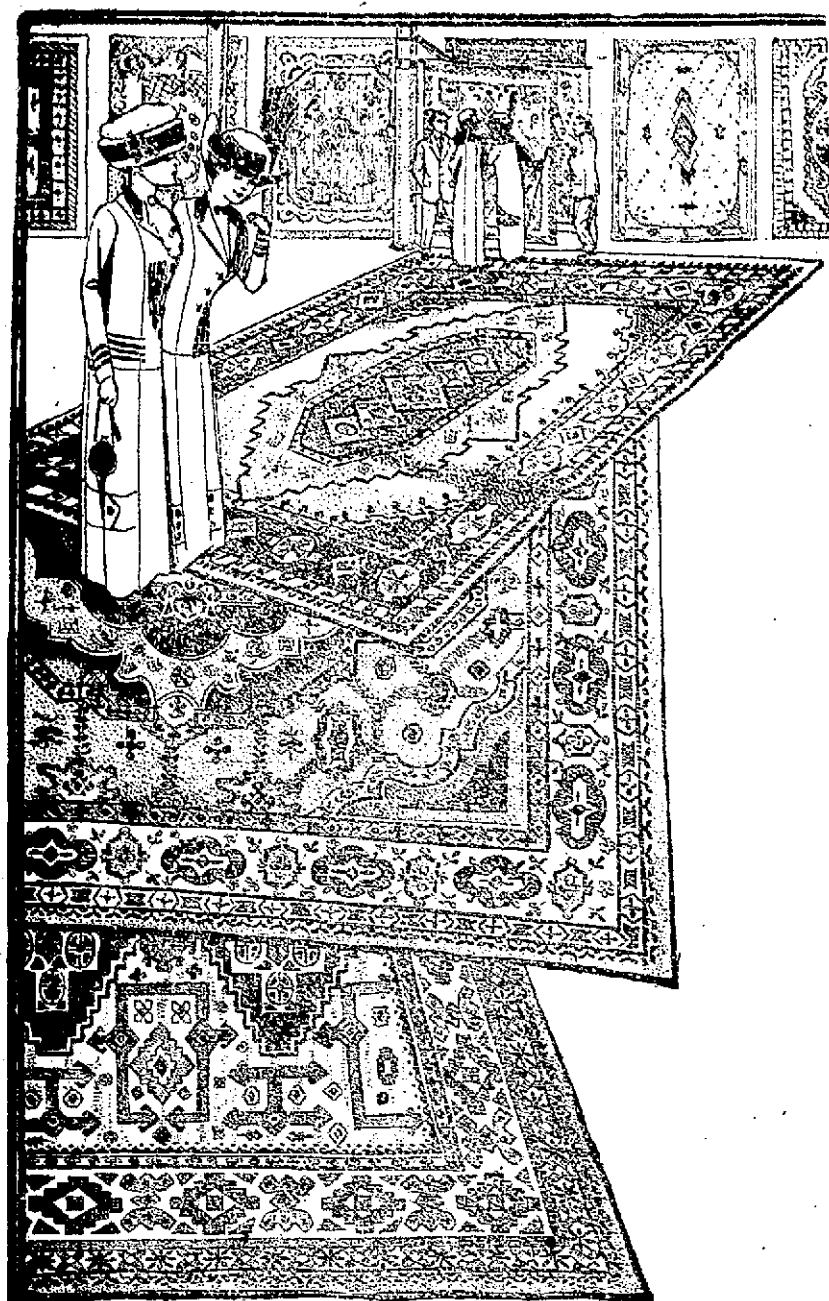

Three years ago it was said if Licking County was voted dry, crime would decrease; that the courts would want for criminal business. Do you remember? You believed what was said and voted the county "dry." You have had three years of "Rose Law" rule and the record for that time has been made. Read the answer for yourself. The following figures are compiled from the judicial records and are open to the inspection of any one. They include the court costs for the trials of all criminals during the three years preceding the operation of the Rose Law and the last three years while the law was in force; they do not include, however, attorney fees for the defense of indigent prisoners, jurors' board, fees of deputy sheriffs, etc., which would bring the total up to many more thousands of dollars.

THREE "WET" YEARS		THREE "DRY" YEARS	
1906.....	\$23,915 43	1909.....	\$23,428 77
1907.....	24,773 03	1910.....	28,549 96
1908.....	23,303 02	1911.....	36,402 39

Total.....\$71,991 48 Total.....\$88,381 12

IT COST YOU, MR. TAXPAYER, JUST \$16,389.64 MORE THE PAST THREE YEARS DURING THE TIME THE COUNTY WAS DRY THAN IT DID FOR THE THREE PRECEDING YEARS WHILE IT WAS WET. THESE FIGURES CANNOT BE DISPUTED FOR THEY ARE A MATTER OF RECORD. DOES IT PROVE TO YOU THAT THE ROSE LAW DECREASES CRIME? MURDER, ARSON AND BURG-LARY AND OTHER CRIMES HAVE ALMOST DOUBLED. IT IS UP TO YOU, MR. VOTER, TO FIND THE REMEDY.

TRAIN RIDER HAD HIS FEET FROZEN

Robert Cole, colored, pleaded guilty to a charge of carrying concealed weapons when arraigned before Mayor Swartz in police court this morning and was fined \$5 and costs. A loiterer was ordered out of town and a plain drunk drew \$5 and costs.

The police gathered in two train-riders late last night. The feet of one was so badly frozen that it was necessary to take him to the hospital for proper care. The other entered a plea of guilty to the charge. Both will be held until transportation is sent.

The case against Wesley Sutley, a charge of obtaining money under false pretenses, was dismissed this morning for want of prosecution.

GIFTS TO FOREIGN MISSIONS DECREASE

New York, Jan. 3.—Gifts to foreign missions in 1911 by protestant Christians throughout the world, as tabulated by the missionary review, show a decrease over the preceding year of \$175,000. North America shows a total appropriation of \$12,300,000, nearly half of the grand total of \$25,300,000. Great Britain gave \$9,000,000.

WATER TURNED INTO THE MAINS TUESDAY P. M.

Early yesterday afternoon the final repairs of the break in the discharge main at the municipal water-works were completed and the mains were started. At 2:30 yesterday afternoon the pressure gauge at the service office registered fifteen pounds to the square inch and from that time on the pressure increased steadily until at 5 o'clock Tuesday evening the normal pressure of 115 pounds to the square inch was reached. As soon as the water was turned into the mains, residents in all parts of the city opened the faucets in their homes and the supply was drawn off almost as fast as it was pumped. For this reason a considerable time elapsed before normal pressure was restored to the mains in all parts of the city.

At the plant this morning an examination of the break showed that the repairs were entirely successful and that the new joint had no leaks whatever. The completion of the repairs makes the cause of the trouble very obvious, for a heavier joint on one side of the 24-inch sleeve at the break is evidence that the portion of line running through the "made" ground had settled and caused the break.

The committee appointed by the city council to investigate the cause of the trouble has signified its intention of doing its work next Sunday and Service Director Christian has ordered his men to leave the ditch open until the committee shall have opportunity to examine the repairs and the evidence of the settling in the mains.

The speed with which the repairs at the plant were rushed and vigor with which the work was done is shown by the fact that the men at the plant worked steadily for 31 hours without cessation.

BRITISH GOV'T. WILL INSTALL AUTO. PHONE

A. B. Sperry of the Automatic Electric company of Chicago, was in the city Tuesday en route to England. Mr. Sperry, who had charge of installing the new Automatic system for the Newark Telephone company, is going to London to install an automatic plant which will be similar to the Newark plant for the Postoffice Department of the British government. When that is finished he will install a similar one at Epsom, England. The British government has adopted this system for its municipal plants and it is rumored is going into the telephone business extensively. There is no doubt that Mr. Sperry will be

Coats, Suits and Dresses In Sweeping Clearance

On very many garments the prices are cut squarely in two; on some suits they're less than half, and on some coats they're not quite half. So you see we tell you in our ads just the plain facts and nobody is disappointed. Also we're proud of the fact that "half price" is really half price, the original marks are not changed; nothing in this store is marked up to be marked down again. Such a trick would mean instant dismissal for the employee. But to the Clearance Prices.
